

Objectives

The main objective of the Spanish Network of Olfaction (ROE) is to help bringing about closer relationships between individuals and institutions interested in olfaction, in order to:

- Promote scientific collaborations.
- Present funding proposals and results to companies and private entities.
- Organize training activities of joint interest.
- Promote awareness of the latest advances in the discipline.

Talks/special talks: a 10/25 min talk followed by 5 min of discussion.

Plenary conferences: 45 min presentation followed by 15 min of discussion

Language: English/Spanish
